ADRIATIC MARITIME LAW CONFERENCE

PORTOROŽ, SLOVENIA, 26-28 May 2016

To the President and the Executive Councillors of the Comité Maritime International
To the Presidents of the National Maritime Law Associations

12 April 2016

Dear friends and colleagues,

We would like to inform you that our three associations (Italian, Croatian and Slovenian) are organizing a conference, which will take place in Portorož, Slovenia from May 26 to May 28 of this year. Please be so kind as to circulate this information together with the attached programme and the registration form to the members of your maritime law associations. Besides providing us with a possibility to hear interesting presentations from speakers coming from all the Adriatic coastal states (Italy, Croatia, Slovenia, Albania and Montenegro), to discuss recent trends of maritime law and to develop activities of young members of our associations, this event would also give us an opportunity to share opinions regarding unification of maritime law, which is also our main task as member associations of the Comité Maritime International. We are glad that the AMLC is scheduled three weeks after the CMI Conference in New York because it will be an opportunity to inform in detail the members of our associations of the results of this important global maritime law event.

We are also glad to announce that the Adriatic Maritime Law Conference has been included by the European Commission in the official list of events on the occasion of the European Maritime Day 2016 (EMD 2016 event across EU).

We are looking forward to hearing from you and seeing you in Portorož together with many members of your Associations!

Yours faithfully,

President of AIDIM
Avv. Giorgio Berlingieri

President of DPPS
Dr. Mitja Grbec

President of HDPP
Dr. Petar Kragic
